¹ The amount of access is defined as the time, in days, spent by the user at the infrastructure for this project, including weekends and public holidays (e.g., a scientist who spent 4.5 days at the infrastructure must indicate '4.5'). The total amount of access of the group is the sum of access days of each user. Please round to half days where appropriate.

² Insert data only from TNA users

³ Add new rows if necessary.

⁴ The document must be 1) Signed by the project leader; 2) Signed by the access provider; 3) Sent to the Coordination office by the access provider (please respect order).
